

Drop off / Pick up Policy

The BUGS Gymnastics waiting room will be closed to parent viewing until further notice.

When you drop your child to gymnastics please ensure that you drop them at the exact time of their class e.g. 4pm start drop at 4pm. This is to avoid children standing in the foyer waiting for their class to start so that we can adhere to the social distancing rules.

You will need to walk them to the front door where a BUGS staff member will be waiting to greet you and to mark your child's attendance. All children will be requested to sanitise their hands upon entry. If you do not wish to have your child's hands sanitised they will have to wash their hands in the bathroom with soap and water or an antibacterial wipe.

At pick up time the children will be exiting from the rear door to the BUGS car park. Parents will need to come to the door to collect their child to have their child's name marked off the roll. Children will not be allowed to walk out to the car; a parent must come to collect them. Children cannot be collected after class from the front door.

Upon exit all children will be requested to sanitise their hands, If you do not wish to have your child's hands sanitised they will have to wash their hands in the bathroom with soap and water, or an antibacterial wipe.

Please contact the office if your child cannot use sanitiser to discuss options.

Parking is also available down the side drive next to BUGS at the very rear of all the factories.

Please note this is for the safety of our members and our staff.

Thank you for your understanding and patience.
